

REACH COMPLIANCE DECLARATION

Directive (EC) No 1907/2006 of the European Parliament

The Registration, Evaluation, Authorisation and Restriction of Chemicals of High Concern.

Candidate list updated by ECHA 15 January 2009

Arc Torchology, as a manufacturer, importer and reseller of products has certain obligations under the REACH legislation. We have made detailed investigations into the products we manufacture and sell, and the implications of the REACH directive upon them, and upon our customers.

Scope

All Mig and Tig and other unspecified Welding torches, equipment, and associated spares and components manufactured or supplied by Arc Torchology.

According to the directive, Arc Torchology manufactures “articles” and is a “downstream user”

Under the directive, Uniarc is not obliged to register substances and is not obliged to supply safety data sheets for its products.

We undertake to periodically review the European Chemicals Agency (ECHA) Candidate list and to take action on any updates as they affect us.

Declaration

The above products are certified compliant with the REACH directive.

Signed: **Grace Chen: Quality Manager**
